

WEBINAR

Integrating Salivary Bioscience

into Behavioral, Developmental & Health Science Research

WHEN?

Thursday, June 10th

4:00 pm – 5:00 pm (CET)

Presented By: Supriya Gaitonde, Ph.D., Associate Director of Technical Applications

Webinar Agenda

(Hosted via Zoom Meetings)

- **The Biology of Salivary Bioscience**
 - How biology contributes to better data
- **Collection Techniques, Participant Compliance, and How it Affects Your Data**
 - How to achieve the best possible participant compliance
 - Maintaining sample integrity through collection, storage, and lab processing
- **Common Study Sampling Designs for:**
 - Cortisol, Alpha-Amylase, Melatonin, Antibodies, and Other Analytes
- **Q&A and One-On-One Discussions**

Individual study consultations are available
